Computer Science graduate with a passion for creative, professional and innovative design. I specialise in user interface and experience design including graphical, mobile application, video game and general multimedia design.

"Progression is obtained through the development of united team ideals. Honesty, attitude and thorough work management are all equal components. A communicative, unabashed and encouraging team is sure to obtain success"

EXPERIENCE

2019

WEB DEVELOPMENT AND BAR STAFF, WARANA HOTEL MOTEL

My time spent at the Warana Hotel Motel involved full development of their company website utilising bootstrap, owl carousels and other JavaScript methods. All graphic design and photography were also completed as part of the website. Development is on going however preliminary versions can be viewed here: https://oliver-t.github.io/waranahotel.github.io/

2018

MOBLIE APPLICATION DESIGN, UNIVERSITY COURSE

University course involving client communication to build a mobile application. My role involved UX/UI design compliant to the clients and the user's needs. Graphical design of the application, logo's and extra material such as brochure and accompanying website. Data base population and minutes of our fortnightly client meetings. Course grade: 7

2018

GRAPHIC DESIGN, HUMANITAS

Existing brochure information and design were taken and redesigned to incorporate a more modern style and increase clarity and usability. Business cards were then developed under the same style.
Reference: Angela Rule – Humanitas CEO – 0434 418 934

2017

GAME DESIGN, UNIVERSITY COURSE

University course involving the development of a video game within a class of ~60. My role involved story, level, boss and game design. I worked closely with artists, programmers and other designers to develop a cohesive experience of combat environment, enemy interaction and story progression. I also wrote a sprite sheet loader to assist with the organisation and efficient storage of assets.

201S6-2017

UQ SMASH CLUB SCRETARY, UQ

The secretary position involved assisting the president with organising sponsors and advertising for events and event organisation. I also assisted with community organisation and communication minute taking at meetings.
Reference: Lachlan Firth – Smash Club President – 0421 883 645

2015-2018

VOLLEYBALL/ATHLETICS COACH, GT, SPLC, PADUA

Coaching involved preparing training programs to maximise skill growth based on the athlete's current ability, teaching skills and game strategies and maintaining high player mentality to optimise performance.

2014-2017

CUSTOMER SERVICE, QUBOOKS

Working at QUBooks involved serving customers, deliveries, stock management, database management and supplier communications.
